Mayor and CEO Introduction

One of the principles of our newly endorsed *Stonnington Community Vision 2040* outlines that **Stonnington's ambition is to be a caring, compassionate and supportive city for all members of the community** and this is a budget that positions us to embed that vision.

2020 and the early months of 2021 were a difficult time for our community and Council actively redirected resources and attention to where they were needed most.

Across the 2019-20 and 2020-21 financial years we invested over \$11.0 million in supporting our community from the impacts COVID-19. This included: waivers, grants and refunds for businesses, an innovative outdoor dining program, waiving fees in some of our car parks, mental health programs, assisting sporting clubs and local groups to adapt, helping owners corporations ensure high rise accommodation buildings were safe for residents, providing food and support packages to the most vulnerable members of our community and maintaining crucial programs like early education and maternal child health during lockdown.

That support and advocacy continues with a focus on ensuring the safety of our residents and visitors, with our Prahran Town Hall repurposed to support up to 1,000 COVID-19 vaccinations a day in partnership with Star Health. A throwback to the role the building played in 1919 during the Spanish Flu pandemic.

Recent weeks in Melbourne have taught us that COVID-19 is not behind us and we need to be able to continue to adapt to challenges. As we enter the 2021-22 budget period, Council must work to meet the short term needs of our residents while planning for the future of Stonnington.

We need to continue our core business, keep providing support where it is needed and look to bring people in our precincts to continue for our businesses. To support this, our budget creates a \$1.89m COVID recovery reserve that will allow us to provide targeted support to the people who most need it. We both look forward to working with all Councillors and our community to deliver this.

This budget continues to provide Stonnington residents one of the lowest rates charges per property value in Melbourne while enabling much needed capital works projects and maintaining services to support our community, allow our local economy to recover and ensure that Stonnington remains an amazing place to be - now and into the future.

The number of people who live in Stonnington is growing, in the last five years we have grown by 9,259 residents and 5,486 rateable properties and we expect this to continue as higher density living increases. This growth is welcome, but places pressures on our street networks, open spaces, waste and recycling systems and community services. And while many assume Stonnington is only inhabited by a cliché of Toorak and Armadale, we have a significant population who are economically and socially vulnerable and this budgets outlines our commitment to ensuring support will be available to the diversity of our community now and into the future.

It also supports 40 business units within Council to deliver services and benefits that make day-to-day life possible like roads, open spaces, waste and recycling, sustainability and animal management, and community and economic programs like maternal and child health, libraries, aged services, aquatics, early education, sports and recreation, festivals and events, arts and culture, placemaking and economic development. These areas work together to improve the quality of life and liveability of our neighbourhoods and to fulfil the community defined vision for our city.

Consultation with community has helped shape this budget, ensuring that we are prioritising projects and initiatives that reflect the vision of our diverse community now and into the future. I thank the over 200 people who made submissions on the draft budget, and the 11 who presented their ideas directly to Councillors.

Changes in response to this feedback include:

- creating a \$1.89 million COVID recovery reserve to provide targeted community support as we continue to rebound
- bringing forward future improvement works at the much loved East Malvern Tennis Club into 2021-22.

We've also been able to see the first benefits of the Victorian Energy Collaboration, a green power initiative in partnership with 46 other Councils across Victoria. The initial \$340,000 we've saved from this will be redirected to a spring cleaning and upkeep blitz across our shopping precincts and increased waste education programs. We're especially pleased about this because it's proof our commitment to sustainability and climate action can have positive economic and community benefits.

Executive Summary

Budget highlights

This budget also provides continued care and support for our community as we continue to respond and recover from COVID-19, maintains our core activities and plans for the future of Stonnington through:

- An even stronger outdoor dining activation program
- Investment in core infrastructure needs, including roads, footpaths, bridges and drainage works
- Community building renewal, improvement works and better asset management
- Increasing investment in our iconic Chapel Street Precinct
- Improving key community assets like Harold Holt Swim Centre and Prahran Town Hall
- Implementing our cycling strategy
- Addressing climate change following Council declaring a climate emergency in February 2020
- Continuing investment in energy efficiency to reduce Council's carbon emissions and utility costs
- Improving our parks and open spaces
- Modernising our customer experiences through digitisation to meet community needs and expectations
- Enhancing sporting and recreation facilities, especially for woman's sport.

Stonnington Community Vision and Council Plan

In late 2020, Council started an extensive community engagement called Shaping Stonnington to develop our Community Vision 2040 and Council Plan 2021-25. This program included virtual workshops, online surveys, community intercept surveys and our inaugural People's Panel and established our newly endorsed Stonnington Community Vision 2040.

These insights have also been factored into the development of our 2021-22 where possible and relevant.

Fiscal Sustainability

Maintaining a budget surplus enables us to deliver important capital works programs that provide community infrastructure and help to stimulate our local economy, and the budget for 2021-22 will deliver a responsible surplus of \$33.61 million. This is significantly lower than previous years, highlighting the impact of COVID-19 on Council's finances and the reality of the significant reduction in revenue that is projected to be felt over the medium term.

The impact of COVID-19 has resulted in a revenue loss of \$28.10 million compared to our last complete pre-COVID budget (2018-19). While we are predicting a recovery, it is expected the ongoing impact will result in a further \$13.20 million loss in revenue streams over the next four years.

This budget includes a rate rise of 1.5%, which has been determined by the Victorian Government through their rate capping program. This will assist Council to meet our obligations of the community recovery effort and build long-term financial responsibility.

What happened last year?

In response to COVID-19, the City of Stonnington provided all ratepayers with a 2% rate waiver / concession in the 2020/21 financial year. Like most organisations, COVID-19 has had a major impact on our financial situation.

Resulting in:

- Over \$11.0 million invested by Council into measures or strategy to keep people safe from COVID-19 and support local business and provide relief for residents
- A loss of \$1.89 million as a result of a 2% rate waiver / concession to all ratepayers
- A loss of \$28.10 million income from areas such as car parking revenue, registrations or user fees at places like our aquatic centres.

This budget reintroduces that 2% along with this year's 1.5% increase to:

- establish a COVID recovery reserve equivalent to the value of the 2020-21 2.0% rates waiver, to provide targeted community support
- respond to the financial impact of COVID-19
- establish a platform for Stonnington's recovery
- create increased focus on efficiency in the services we deliver
- provide quality amenity to the people of Stonnington.

The average 3.5% increase per household will be: \$51.66 dollars per annum or 99 cents per week.

How we stack up

This budget continues to provide Stonnington one of the lowest rates charges per property value in Melbourne while enabling new capital works projects and maintaining services to support our community, allow our local economy to recover and ensure that Stonnington remains an amazing place to be - now and into the future.

Compared to similar neighbouring Council areas – the City of Stonnington already has low rates.

Financial support still available

The impact of COVID-19 continues to result in financial stress for residents and businesses. Support includes:

- Payment arrangements that are tailored to the needs of the property or business owners
- A deferment of payment of rates
- An interest waiver on overdue rates to 30 June 2021
- Financial counselling and support provided by Good Shepherd (not for profit organisation), this may include no-interest loans

For more information about support please **call 8290 1333** or visit **stonnington.vic.gov.au/covid19**

To provide further support this budget creates a \$1.89m COVID recovery reserve that will allow us to provide targeted support to the people who most need it. We both look forward to working with all our community to deliver this.

Funding our Capital Program

This budget will deliver a responsible surplus of \$33.61 million which will be used to partly fund an ambitious capital works program for budget year 2021-22 worth \$84.65 million (excl. intangibles).

It is important that we continue to invest in local capital works projects as our population grows and built environment changes. The program responds to community desire for open space and an ambition to move towards more 'Active Transport'. Capital works also represent economic stimulation to our local economy and the projects provide more reasons to love your neighbourhood.

Highlights for infrastructure projects in 2021-2022 include:

- Roads, footpaths, bridges and drainage works (\$16.6 million)
- Community building renewal and improvement works (\$16.988 million)
- Land improvements works relating to parks, open space and recreation renewal and improvement projects (\$16.263million)

Which includes:

- Strategic property acquisitions to increase open space within our community (\$10.0 million)
- Harold Holt Swim Centre improvements (\$1.395 million)
- Chapel Street streetscape transformation (\$3.3 million)
- Toorak Village streetscape improvements (\$1 million)
- Mount Street masterplan implementation (\$0.75 million)
- Forest Hill masterplan implementation (\$1.5 million)
- Energy efficiency implementation to further reduce Council's greenhouse gas emissions and utility costs (\$0.6 million)
- Multipurpose indoor sports facility (\$7.0 million)
- Stonnington cycling strategy implementation (\$0.76 million) - including on-road cycling projects (\$0.2 million)
- Charles Lux Pavilion redevelopment (consistent with Stage 3 of Toorak Park & Victory Square Master Plan) (\$2.4 million)
- East Malvern Tennis Clubroom urgent maintenance (\$0.1 million)

The capital works budget also includes some money held over from last financial year that was not spent due to the impact of COVID-19.

Festivals and events to drive community and economic activation

Stonnington has an incredible arts and events program that nurtures the artistic and cultural side of our community and brings people into our city. This is especially important as we continue with our economic and community recovery program.

To help build on and deliver these important events, the festivals and events budget has marginally increased in 2021-2022 to include new and creative ways of delivering events to enable the best engagement from our community and economic stimulus.

Highlights of this program include:

- Roola Boola Children's Arts Festival
- Melbourne Fringe Partnership Program
- The return of our Classics program across our parks and gardens
- Pets in the Park
- Melbourne Food and Wine
- Melbourne Fashion Festival
- Weekly activation programs including busking, wellness and playtime

Key Statistics

With the impact of COVID-19 on our 2019/20 and 2020/21 financial comparisons, this is not reflective of normal Council operations and future budgeting needs or trends. Therefore, we have provided comparative details for prior years below.

The number of people who live in Stonnington is growing, in the last five years we have grown by 9,259 residents and 5,486 rateable properties and we expect this to continue as higher density living increases, placing future pressures on our amenities and community services, which we need to start addressing and investing in now.

Key drivers	2017/18	2018/19	2019/20	2020/21	2021/22
Population growth	2.49%	2.21%	1.28%	2.56%	1.86%
Rateable property growth	2.40%	1.90%	1.50%	1.50%	1.50%
Rates cap increase	2.00%	2.25%	2.50%	2.00%	1.50%

The City of Stonnington's budget for 2021-22 includes a 1.5% rate rise, the recommended amount by the Victorian Government.

Statutory fees and fines and user fees will slowly normalise to a pre-COVID position within the budget for 2021-22 however these revenue streams are still well behind previous years.

Revenues (\$'000)	Actual 2017/18	Actual 2018/19	Actual 2019/20	Forecast 2020/21	Budget 2021/22

Budget Trends and Summary

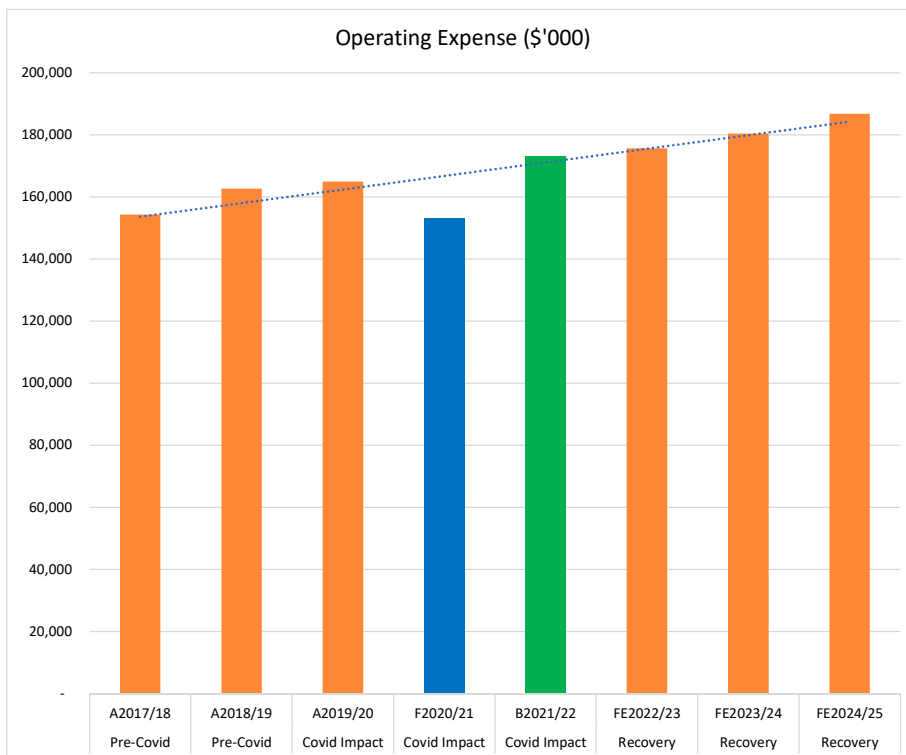

As part of COVID-19 response, Council provided 2% rate relief for all ratepayers in 2020-21 budget year. The introduction of rate capping has resulted in an average current and projected rate increases of around 1.78%, which is significantly lower than the average increase over the years from 2011/12 to 2015/16 of 4.04% (before rate capping). For the 2021-22 budget year, Council has proposed to apply the rate cap increase of 1.5% as approved by State Government.

Council rate revenue by dollars continue to increase in line with the rate cap. Growth in the rate base via supplementary valuations (development, subdivisions and renovations etc.) add around \$1.0 million per annum to Council revenue. The forecast rates revenue for 2020-21 reflects the full rate waiver and concession, which has resulted in the projected value being below the trend line.

Other revenue forecast is significantly lower than previous years due to the impact of COVID-19 on statutory fees and fines and service charges. This predominately related to reductions in parking fines, parking fees, recreation and aquatic facilities revenues. The forward estimates are projected to return to pre-COVID levels by 2023-24, however Council continues to experience reduced other revenue as a direct result of our COVID-19 impact.

Operating expenditure has been significantly impacted due to COVID-19 shutdowns and other restrictions. Forecasted expenditure is significantly lower than previous years. The 2021-22 budget and forward estimates for 2022-23 and beyond highlight Council's recovery towards pre-COVID operating service levels.

The underlying operating surplus (which is calculated as the operating surplus less non-current capital grants and capital contribution income) is our significant funding source for the Council capital program. COVID-19 has had a significant impact on this measure as other revenue sources have reduced and Council balanced this with additional support to community via rates waiver/concession, rental relief, grants programs and other support packages. Whilst the forward estimates shows improvement in this measure; the impact of COVID-19 on the underlying surplus will remain for many years to come.

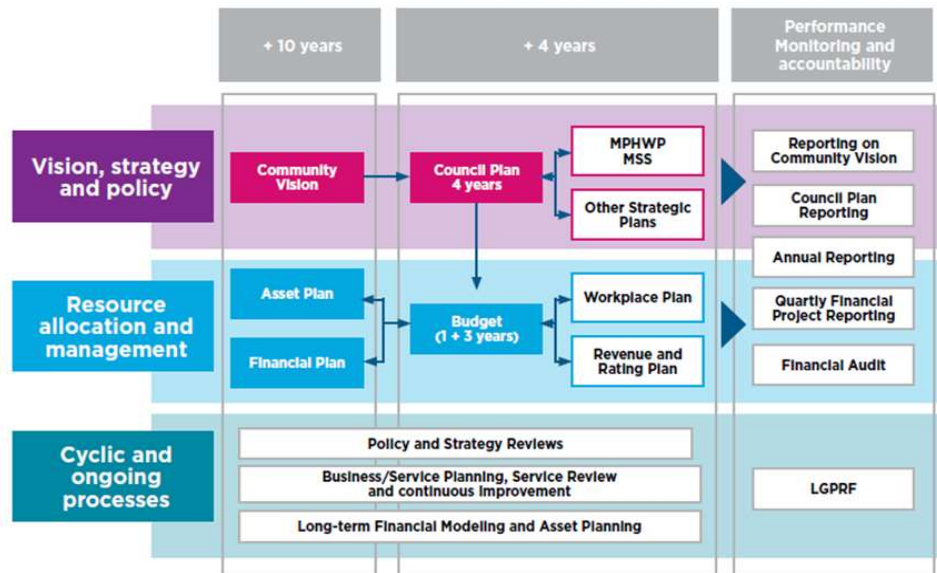

Council continues to renew, upgrade and construct new assets that support and provide economic stimulus to our Community. The 2019-20 year and forecast for 2020-21 capital programs have been significantly impacted by COVID-19 restrictions resulting in project delays and / or deferrals of projects. The budget program for 2021-22 and over the forward estimates will enable Council to provide updated assets and new facilities to support the Community both now and in the future.

1. Link to the Integrated Planning and Reporting Framework

This section describes how the Budget links to the achievement of the Community Vision and Council Plan within an overall integrated planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term (Community Vision and Financial Plan), medium term (Council Plan, Workforce Plan, and Revenue and Rating Plan) and short term (Budget) and then holding itself accountable (Annual Report).

1.1 Legislative planning and accountability framework

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated planning and reporting framework that applies to local government in Victoria and adopted by the City of Stonnington. At each stage of the integrated planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

Source: Department of Jobs, Precincts and Region; City of Stonnington

The timing of each component of the integrated planning and reporting framework is critical to the successful achievement of the planned outcomes.

1.1.2 Key planning considerations

Service level planning

Although councils have a legal obligation to provide some services— such as animal management, local roads, food safety and statutory planning—most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

Community consultation needs to be in line with a council adopted Community Engagement Policy and Public Transparency Policy.

1.2 Our purpose

Our Vision

Stonnington's current vision is "Stonnington will be an inclusive, healthy, creative, sustainable and smart community." Stonnington are in the process of developing a Community Vision 2040, which is expected to be finalised in mid-2021.

Our Mission

The primary purpose of the City of Stonnington is the wellbeing of the community. Council endeavours to achieve the best outcomes for the community having regard to the long-term and cumulative effects of its decisions. In seeking to achieve its primary purpose, Council will facilitate the following:

- A) Promote the social, economic and environmental viability and sustainability of the City.
- B) Ensure the resources are used efficiently and effectively and that services are provided in accordance with the best value principles to best meet the needs of the community.
- C) Improve the overall quality of people's lives in the community.
- D) Promote appropriate business and employment opportunities.
- E) Ensure that services and facilities provided by Council are accessible and equitable.
- F) Ensure the equitable imposition of rates and charges.
- G) Ensure transparency and accountability in decision-making.

Our Values

City of Stonnington has a clear strength in the bond and affinity between its Councillors, the community and staff. Staff support the community leadership and governance role of Councillors, and work together to achieve the commitments of the Council Plan. Having all City of Stonnington staff practise the following organisational values enhances the quality of this partnership:

- **Cooperation** - we know that working together means we get better results. We are a team and together we achieve great things for our community. Our citizens, community and service users are the focus of all our actions
- **Change and New ideas** - Finding better ways to do things and sometimes doing things that haven't been done before keeps us challenged, inspired and relevant.
- **Learning** - We encourage learning and create opportunities for people to grow and succeed for the benefit of our community.
- **Achievement** - We work hard to achieve great outcomes and we like how it feels when people stop to say, great job! So we strive for excellence and celebrate our success.
- **Communication** - We communicate in a respectful, transparent and inclusive manner. Being open and honest in our communications allows us to make better decisions.
- **Accountability** - We do things the right way for the right reasons. We are responsible and accountable for the work we do and the way we do it.

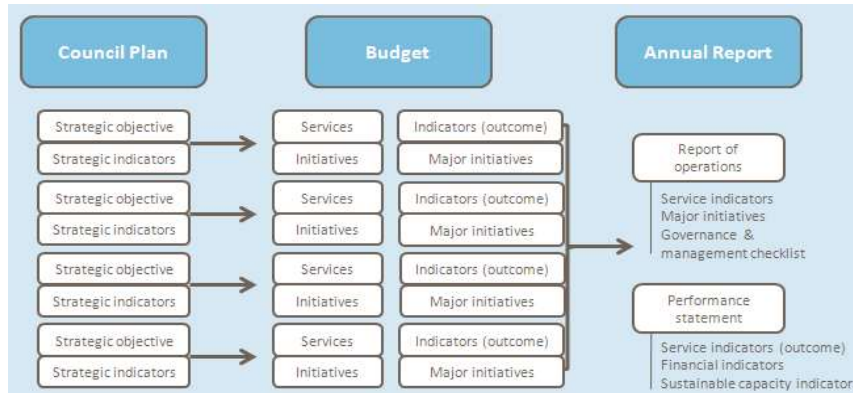

1.3 Strategic Directions

Council delivers activities and initiatives under a broad range of major service categories. Each contributes to the achievement of the Strategic Directions as set out in the Council Plan for the years 2021-25. The following table lists the Strategic Directions as described in the Council Plan.

Strategic Direction	Description
1. A thriving and unique place	We are a connected city of unique precincts, we preserve and celebrate our heritage while embracing modern design and sustainable development, and supporting businesses to thrive, made up of four objectives: 1.1 Identity and destination 1.2 Thriving and desirable businesses 1.3 Pride of place and character 1.4 Active transport and connected city
2. An inclusive and healthy community	We are a healthy and diverse city that is welcoming for all, we care for our people and our environment, and provide well designed, safe and accessible spaces and facilities for everyone, made up of four objectives: 2.1 Health and wellbeing 2.2 Diverse, inclusive and safe 2.3 Open and green space 2.4 Climate action and sustainability
3. 2. Services and service performance indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2021/22 year and how these will contribute to achieving the strategic directions and objectives outlined in the Council Plan. It also describes a number of major initiatives, initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in the Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

4. Notes to the financial statements

This section presents detailed information on material components of the financial statements.

4.1 Comprehensive Income Statement

4.1.1 Rates and charges

Rates and charges are a critical source of revenue that allows Council to deliver works and services for the community, in particular for this financial year, funding Council's recovery from the impacts of COVID-19. The Victorian Government Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2021/22 the FGRS cap has been set at 1.5 per cent. The cap applies to general rates and is calculated on the basis of council's average rates.

To achieve the objectives of the Council Plan, while maintaining service levels and a strong capital expenditure program over many years, the average general rate will be required to increase by 1.5 percent in line with the FGRS cap.

In response to the COVID-19 impact, the City of Stonnington provided all ratepayers with a 2.0 percent waiver / concession in the 2020/21 Financial Year which effectively resulted in no rate increase in the year. This decision reflected the efficient and effective allocation of resources and Councils acknowledgement of financial hardship across the community. Council will establish a COVID recovery reserve equivalent to the value of the 2.0 percent rates waiver / concession, to provide targeted community support in the 2021/22 Financial Year.

Due to the impact of the revaluation process in the 2021/22 year, the rate percentage change on the Capital Improved Value of individual properties may vary. Variation to rates are impacted by the average general rate increase and the property valuation movements of individual properties relative to the average across the municipality. If a property increased by more in value than the average for the City of Stonnington, the general rates will increase by more than 1.5 percent, while if a property value increased by less than the average the rates will increase by less than 1.5 percent and may in fact reduce from the previous year.

Supplementary rates income will be lower by \$0.42 million compared to the 2020/21 forecast actual. Special rates and charges income relate to Traders Associations and are budgeted to be \$1.95 million.

Total rates and charges for 2021/22 will be \$126.69 million.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2021/22 estimated \$1,000,000; 2020/21 \$1,183,474 (Forecast Actual));
- The variation of returned levels of value (eg: valuation appeals);
- Changes in use of land such that rateable land becomes non-rateable land and vice versa; and
- Changes in use of land such that residential land becomes commercial land and vice versa.

4.1.1(n) Differential rates

City of Stonnington has elected not to make a declaration of differential rates.

4.1.2 Statutory fees and fines

	Forecast	Budget	Change	
	Actual			
	2020/21	2021/22	\$'000	%
	\$'000	\$'000		
Infringements and costs	8,318	12,805	4,487	53.95%
Court recoveries	1,867	2,109	243	13.02%
Town planning fees	1,437	2,562	1,125	78.29%
Land information certificates	165	186	21	12.72%
Permits	2,019	3,178	1,159	57.40%
Total statutory fees and fines	13,806	20,840	7,035	50.96%

Statutory fees and fines relate mainly to fees and fines levied in accordance with legislation and include animal registrations, *Public Health and Wellbeing Act 2008* registrations and traffic enforcement fees. Increases in statutory fees are made in accordance with legislative requirements.

Statutory fees and fines will slowly normalise to a pre-COVID position within the budget for 2021-22 however these revenue streams are still well behind previous years. Please refer to page 4 Executive Summary for prior year trend analysis.

The budget displays an increase of \$7.035 million in statutory fees and charges revenue compared with 2020/21 forecast. The increase is predominately driven from the impact COVID-19 had on parking infringement volumes and income in 2020/21, whilst parking infringement income is expected to be \$4.487 million higher than the 2020/21 forecast, a slow return to previous levels is expected due to less people driving to work, shopping and parking.

The increase is also driven from \$1.13 million increase in statutory town planning fees and \$1.159 million increase in permits with an expected increase in development activity and pool registrations in 2021/22.

4.1.3 User fees

	Forecast	Budget	Change	
	Actual			
	2020/21	2021/22	\$'000	%
	\$'000	\$'000		
Aged and health services	426	536	109	25.60%

Green fees	1,013	1,074	61	6.02%
Other fees and charges	418	1,461	1,043	249.52%
Total user fees	14,074	21,825	7,751	55.07%

User fees relate mainly to the recovery of service delivery costs through the charging of fees to users of Council's services. These include the use of leisure, entertainment and other community facilities and the provision of human services such as home help services.

User fees will slowly normalise to a pre-COVID position within the budget for 2021-22 however these revenue streams are still well behind previous years. Please refer to page 4 Executive Summary for prior year trend analysis.

User fees and charges have been reviewed in line with market rates, with any increases budgeted at manageable and sustainable levels to maintain cost recovery. This will result in an overall increase in income generated from these fees in 2021/22.

The budget displays an increase of \$7.75 million in user fees compared with 2020/21 the forecast. The increase is predominately driven by facility closures directed by the restrictions in place to manage the COVID-19 pandemic in 2020/21. The 2021/22 budget includes a \$2.844 million increase in leisure centre and recreation income, \$1.42 million increase in car parking and \$1.55 million increase in building surveyors permits and application activities.

A detailed listing of user fees is included in Appendix B.

Operating Grants

Council receives various grants to continue to fund its operations. Some of the main grant programs are: Financial Assistant grants for Aged and Home Care of \$3.6 million and Victoria Grants Commission \$2.5 million. Library services is expected to receive \$0.74 million to fund its operations and funding of \$0.31 million is anticipated for the School Crossing Supervisors program. Maternal and Child Health and Immunisation program is expected to receive grants of \$0.74 million to subsidise Council's funding.

Capital Grants

Capital grants includes \$4.0 million funding for Percy Treyvaud Masterplan Implementation, \$2.4 million for - Charles Lux Pavillion, \$0.79 million funding for parks and open space development, \$3.30 million for Community Infrastructure roads program, and \$0.30 million for the recurring Roads to Recovery program.

4.1.5 Contributions - monetary

	Forecast	Budget	Change	
	Actual 2020/21 \$'000	2021/22 \$'000	\$'000	%
Contributions	8,950	10,000	1,050	11.73%
Total contributions - monetary	8,950	10,000	1,050	11.73%

Contributions relate to monies paid by developers in regard to public open space (\$10 million in 2021/22), drainage and car parking in accordance with planning permits issued for property development.

Council determines its capital work program having regard to existing and future growth in the municipality. To the extent the capital works program has been identified to meet Council's future population, Council intends to partially fund these projects through a Developer Contributions Plan in line with the requirements of the Planning and Environment Act 1987.

Contributions are projected to increase from the 2020/21 forecast.

4.1.6 Other income

	Forecast	Budget	Change

Other	494	339	(155)	(31.31%)
Total other income	5,421	6,589	1,168	21.54%

Other income relates to a range of items mainly from miscellaneous income items.

Interest income is expected to decrease by \$0.45 million due to lower cash balances and a lower interest rate environment.

As the property valuation function has now transferred to the State Government, general valuation cost recoveries are no longer expected from the State Revenue Office contributing to a \$0.15 million reduction.

Other rent will increase by \$1.88 million as a direct result of rental relief provided to tenants of Council owned properties during 2020/21 in line with Council's Hardship Policy during COVID-19.

4.1.7 Employee costs

	Forecast	Budget	Change	
	Actual 2020/21 \$'000	2021/22 \$'000	\$'000	%
Wages and salaries	51,852	55,730	3,878	7.48%

Other	875	1,073	198	22.58%
Total employee costs	71,381	75,848	4,467	6.26%

Employee costs include all labour related expenditure such as wages, salaries and on-costs such as allowances, leave entitlements, employer superannuation and WorkCover premium.

Forecast for 2020/21 included a significant reduction in FTE during the year. COVID-19 restrictions placed on the delivery of all non essential services in 2020/21 resulted in a number of Aquatics, Early Childhood, Libraries and Care Services staff being stood down until COVID-19 restrictions were lifted and services resumed.

Council are shifting the engagement of staff to temporary contracts to provide flexibility to respond to changing external factors.

Employee costs are budgeted to increase by 6.26% or \$4.47 million compared to forecast 2020/21. This increase relates to the following key factors:

- Resuming of all services in 2021/22.
- The Council's Enterprise Agreement (EA) and provision growth to increase in 2021/22.
- The superannuation guarantee increase from 1 July 2021 by 0.5%

New FTE proposed within the 2021/22 budget include:

Resources related to new service activities which are recovered by revenue:

- Municipal Building Surveyors Unit - 4.0 FTE which is cost recovered through the generation of permit and compliance income e.g. swimming pool registration program and fast track permits.

Other resource changes to meet increased service demand:

- Technology enablement - 2.0 FTE to deliver on cyber security and increased operational support
- Environmental and parks / open space management - 4.0 FTE to uplift service delivery and quality of our parks which are used more than ever before
- Community engagement and communications - 2.0 FTE to focus on effective community engagement and improve Council decisions
- Asset management - 1.0 FTE to uplift asset maintenance and delivery management
- Economic Development - 1.5 FTE to focus on place-making and activation
- Local Laws Compliance - 2 FTE to enforce compliance with local laws particularly related to after hours activity
- Clean Team - 2 FTE to support public amenity cleanliness and community safety

Other	5,436	6,269	833	15.32%
Total materials and services	53,308	63,856	10,548	19.79%

Materials and services include the purchase of consumables, insurances, repairs and maintenance, payments to contractors for the provision of services and utility costs. Materials and services are forecast to increase by 19.79% or \$10.55 million compared to forecast 2020/21.

The cost of major contracts are expected to increase generally by forecast CPI.

The budget displays an increase of \$5.05 million in contract payments compared with 2020/21 forecast. This is as a result of increases within Parking enforcement as activity recovers from COVID-19, telecommunications and new software support to enable the new working from home environment and the digital transformation program and new environmental management contracts to support the uplift in service delivery in our parks and open space.

Utilities (water, gas, electricity) will see an increase of \$0.815 million as a result of resuming activities in 2021/22 from COVID-19 restrictions impacting the usability of facilities in 2020/21.

Tipping fees and Waste Removal cost increases of \$1.497 million are driven by:

- The EPA landfill levy is to increase sharply (they will double) over the next two financial years. The levy will contribute to an increase landfill costs by 33-36% in 2021/22 and a further 20% on current costs in 2022/23.
- Recycling costs are expected to increase by 10%.
- The combination of COVID-19 restrictions and a wet and mild spring and summer has seen a significant increase in the number of households taking up the service and the tonnages of organics recovered which has increased service costs.

Costs are recovered through Rates and Other Charges and Councils modelling reflects an equitable 'user-pays' approach to waste services charges.

Festivals and Events Program

Stonnington has an incredible arts and events program. It is our role to continue to nurture our artistic, cultural and community life, particularly as we continue with our recovery program.

Over many years, the festivals and events program has become a much loved part of the fabric of Stonnington. Thousands of patrons locally, nationally and internationally attend many of our events throughout the year, further stimulating our visitor economy.

To help deliver on these important events, the Festivals and Events budget has increased in 2021-2022, and includes new and creative ways of delivering our events to enable the best engagement and activation from our community.

Supporting the arts industry: Events provide an opportunity to support the recovery of this industry by engaging local arts and cultural practitioners, programs will include:

- Roola Boola Children's Arts Festival
- Melbourne Fringe Partnership Project

Supporting community wellbeing: Arts and cultural activity will play a critical role in rebuilding social confidence and providing opportunities for local community to reconnect, programs will include:

- Spring Into Gardening Sustainability & Gardening Event
- Christmas Program
- The Classics - Broadway – Concert
- The Classics - Opera - Concert
- The Classics - Symphony – Concert
- Pets In The Park Outdoor Event

Supporting the local economy: Arts and cultural activities such as events are also a key economic driver for local traders and bring vital business to our local community. Taking place throughout the precincts, these activities attract visitors and patrons from across Melbourne to visit precincts and shop or dine at businesses surrounding the activity, programs will include:

- Melbourne Food and Wine
- Melbourne Fashion Festival
- Weekly Activation programs including Busking, Wellness, Playtime
- Business development workshops & events

4.1.9 Depreciation

	Forecast	Budget	Change	
	2020/21	2021/22	\$'000	%
Property	8,137	9,060	923	11.34%
Plant and equipment	3,849	3,929	80	2.09%
Infrastructure	7,648	7,643	(5)	(0.07%)
Total depreciation	19,634	20,632	999	5.09%

Depreciation is an accounting measure which attempts to allocate the value of an asset over its useful life for Council's property, plant and equipment and infrastructure assets such as roads and drains.

The increase of \$1 million for 2021/22 is mainly due to the completion of the 2021/22 capital works program and the full year effect of depreciation on the 2020/21 capital works program. Refer to Section 4.5 'Capital works program' for a more detailed analysis of Council's capital works program for the 2021/22 year.

4.1.10 Amortisation - Intangible assets

	Forecast Actual	Budget	Change	
	2019/20	2020/21	\$'000	%

	Forecast Actual	Budget	Change	
	2020/21	2021/22	\$'000	%
Auditors' remuneration - external	68	86	18	26.07%
Auditors' remuneration - internal	137	132	(5)	(3.32%)
Councillors allowances	373	390	17	4.54%
Operating lease rentals	249	284	36	14.46%
Community grants	1,737	1,475	(262)	(15.06%)
Sundry other	4,659	8,142	3,483	74.76%
Total other expenses	7,223	10,510	3,287	45.50%

Other expenses relate to a range of items including non-recurrent operating initiatives and other miscellaneous expenditure items. Decrease in community grants of \$0.26 million is due to a reallocation of COVID-19 recovery funding into operating Initiatives.

Operating Initiatives includes the establishment of a \$1.89 million COVID recovery reserve equivalent to the value of the 2.0 percent rates waiver / concession provided in the 2020/21 year, to provide targeted community support.

A detailed listing of Operating Initiatives is included in Appendix D.

Total equity		3,013,632	3,047,237	33,605

4.2.1 Assets

Cash and cash equivalents include cash and investments such as cash held in the bank and in petty cash and the value of investments in deposits or other highly liquid investments with short term maturities of three months or less. The decrease in 2020/21 is due to the funding of an increased capital work program in 2020/21.

Trade and other receivables are monies owed to Council by ratepayers and others for rates, parking fines and service provision fees. These receivables are cyclical in nature and are actively managed.

Other assets include items such as prepayments for expenses that Council has paid in advance of service delivery, inventories or stocks held for sale or consumption in Council's services and other revenues due to be received in the next 12 months.

Property, infrastructure, plant and equipment is the largest component of Council's worth and represents the value of all the land, buildings, roads, vehicles, equipment, etc. which has been built up by the Council over many years.

The increase in this balance is attributable to the net result of the capital works program (\$84.65 million of gross capital expenditure), offset by depreciation of assets (\$20.63 million), and the sale of property, plant and equipment (\$0.35 million).

4.2.2 Liabilities

Trade and other payables are those to whom Council owes money as at 30 June. These liabilities are budgeted to be slightly above 2020/21 levels.

Provisions include accrued long service leave, annual leave and rostered days off owing to employees. These employee entitlements are only expected to increase marginally due to more active management of balances.

Interest-bearing loans are borrowings by Council repayable in the next twelve months. Council is budgeting to repay loan principal of \$1 million during 2021/22.

The increase in liability reflects the additional loan borrowings for the 2020/21 capital works program.

Working capital is the excess of current assets above current liabilities. This calculation recognises that although Council has current assets, some of those assets are already committed to the future settlement of liabilities in the following 12 months, and are therefore not available for discretionary spending.

	Forecast Actual 2020/21 \$'000	Budget 2021/22 \$'000	Variance \$'000
Current assets	106,715	77,079	(29,636)
Current liabilities	55,576	53,774	1,801
Working capital	51,139	23,305	(27,835)

4.2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	Forecast Actual 2020/21 \$'000	Budget 2021/22 \$'000

Total lease liabilities	1,485	427

4.3 Statement of changes in Equity

4.3.1 Accumulated Surplus

Accumulated surplus which is the value of all net assets less reserves that have accumulated over time. During the year an amount of \$7.45 million (net) is budgeted to be transferred to retained earnings from Council's reserves.

This reflects the transfer of open space contributions to reserves and the subsequent usage of investment cash reserves and the Future Fund to partly fund the capital works program. This is a transfer between equity balances only and does not impact on the total balance of equity.

4.3.2 Reserves

Asset Revaluation Reserve

	Balance at beginning of financial year	Revaluation increment	Revaluation decrement	Balance at end of financial year
2021/22 Budget	\$'000	\$'000	\$'000	\$'000
Asset Revaluation Reserve	1,809,653	-	-	1,809,653

Other Reserves

	Balance at beginning of financial year	Transfer from accumulated surplus	Transfer to accumulated surplus	Balance at end of financial year
2021/22 Budget	\$'000	\$'000	\$'000	\$'000
Other Reserves				
- Open Space Reserve	48,223	10,646	(10,000)	48,869
- Future Fund Reserve	15,441	2,200	(10,294)	7,347
- Infrastructure - Roads Damaged Reserve	250	-	-	250
Total Other Reserves	63,913	12,846	(20,294)	56,465
Total Reserves	1,873,566	12,846	(20,294)	1,866,118

The Asset revaluation reserve represents the difference between the previously recorded value of assets and their current valuations.

An amount of \$12.85 million is budgeted to be transferred from accumulated surplus to the Open Space and the Future Fund reserves in 2021/22; \$20.29 million is to be utilised from the open space reserve to fund strategic property purchases and the Digitisation Program.

Council's reserves have been allocated for specific future purposes by Council and include:

- Open Space Reserve
- Future Fund Reserve
- Infrastructure - Roads Damaged Reserve

The Open Space Reserve is used to record open space contributions from developers and utilisation of this reserve is to purchase or develop open space assets.

The Future Fund Reserve is a reserve created to assist Council when making strategic property acquisitions and funds for Council to separately identify as being set aside to meet a specific purpose in the future and to which there is no existing liability.

The Infrastructure - Roads Damaged Reserve was created to enable Council to utilise forfeited road asset protection and work zones maintenance bonds on road and signage maintenance.

4.4 Statement of Cashflow

This section analyses the expected cashflows from the operating, investing and financing activities of Council for the 2021/22 year. Budgeting cash flows for Council is a key factor in setting the level of rates and providing a guide to the level of capital expenditure that can be sustained with or without using existing cash reserves.

The analysis is based on three main categories of cash flows:

- **Operating activities** - Refers to the cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for the provision of services to the community may be available for investment in capital works, or repayment of debt.
- **Investing activities** - Refers to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property and equipment.
- **Financing activities** - Refers to cash generated or used in the financing of Council functions and include borrowings from financial institutions and advancing of repayable loans to/from other organisations. These activities also include repayment of the principal component of loan repayments for the year.

Budgeted cash flow statement

		Forecast Actual 2020/21 \$'000	Budget 2021/22 \$'000	Variance \$'000
Net cash provided by operating activities	4.4.1	57,807	69,171	11,364
Net cash used in investing activities	4.4.2	(70,245)	(107,677)	(37,431)
Net cash provided by financing activities	4.4.3	(956)	12,377	13,333
Net increase/(decrease) in cash and cash equivalents		(13,397)	(26,131)	(12,734)
Cash and cash equivalents at the beginning of the financial year		106,711	93,314	(13,398)
Cash and cash equivalents at the end of the financial year	4.4.4	93,314	67,186	(26,132)

4.4.1 Net cash flows provided by/used in operating activities

The increase in cash inflows from operating activities is mainly due to: \$6.86 million increase in statutory fees and fines; \$8.62 million increase in user fees; \$0.2 million increase in operating grants; \$11.24 million increase in capital grants; \$1.16 million increase in monetary contributions; \$2.3 million increase in other receipts and \$7.59 million increase in GST refunds

Partially offsetting these cash inflow increase is a \$4.37 million increase in other employee costs; \$27.55 million increase in materials and services and a \$3.41 million increase in other expense.

4.4.2 Net cash flows provided by/used in investing activities

The increase in payments for investing activities represents an increase in capital works expenditure of \$36.9 million compared to 2020/21. Section 4.5 of this budget report provides more detail on the capital works program.

4.4.3 Net cash flows provided by/used in financing activities

For 2021/22, the total of interest bearing loans and borrowings proceeds is \$15.0 million, repayments of \$1 million and finance charges is \$0.19 million.

4.4.4 Cash and cash equivalents at the end of the financial year

Total cash and investments is forecast to decrease by \$26.13 million to \$67.19 million as at the end of 2021/22, reflecting Council's strategy of using excess cash and investments to enhance and create new infrastructure.

4.5. Capital works program

For the Year Ended 30 June 2022

This section presents a listing of the capital works projects that will be undertaken for the 2021/22 year, classified by expenditure type and funding source. Works are also disclosed as current budget or carried forward from prior year.

Total	84,648	20,256	44,202	20,140	50	12,581	-	57,067	15,000

Works carried forward (\$9.624 million)

At the end of each financial year there are projects which are either incomplete or not commenced due to planning issues, weather delays and extended consultation. For the 2020/21 year, the forecasted \$9.624 million of capital works incomplete will be carried forward into the 2021/22 year.

The more significant projects include the Forest Hill Masterplan (\$0.344m), Mount Street Masterplan (\$0.650m), East Malvern Tennis facility redevelopment (\$1.021m), Prahran market - Sub station upgrades (\$0.500m), Prahran market - Distribution boards upgrades (\$0.300m), Percy Treyvaud Master Plan Implementation (\$0.341m), Harold Holt Swim Centre Masterplan Implementation (\$4.210m)

Total Property (\$51.991 million)

The property class comprises land, Land Improvements, buildings including community facilities, municipal offices, sports facilities and pavilions and Heritage buildings include Town halls and aquatic centers.

The more significant projects include Strategic land purchases for open space (\$10 million), Forest Hill Masterplan (\$1.8m), Minor Shopping Precincts streetscape upgrade (\$0.740m), Princes Gardens Master Plan (\$2.55m), Mount Street Masterplan (\$1.4m), Prahran Pocket Park Dev (\$0.300m), Dog Park Upgrades (\$0.450m), Tennis Facility Redevelopment including East Malvern (\$1.22m), Prahran Market - sub station (\$0.500m), Prahran Market - Distribution Board (0.300), New Pavilion at Waverly Oval (\$0.640m), Percy Treyvaud Masterplan Implementation (\$7.34m), Harold Holt Swim Centre (\$4.2m), Prahran Town Hall Master Plan - Redevelopment (0.732m), Como Oval Redevelopment (\$0.800m), Chapel Street Transformation (\$3.25m), Charles Lux Pavilion Redevelopment (\$2.4m).

Total Plant and Equipment (\$10.759 million)

Plant and equipment includes: plant and equipment; plant, machinery and equipment; fixtures, fittings and furniture; computers and telecommunications; and library books.

The more significant projects include ongoing cyclical replacement of annualised specialised vehicles replacement (\$2.97m), Pay system at multi deck car parks (\$1.2m), Harold Holt Dry program rejuvenation (\$1.05m) & technology upgrade and renewal program (\$2.1m).

Total Infrastructure (\$21.897 million)

Infrastructure includes roads, bridges, footpaths, cycle ways, drainage, recreation, leisure and community facilities, parks, open space and streetscape improvements and other infrastructure.

For the year 2021/22, \$16.65 million will be spent on road projects incorporating drainage, bridges, culverts, footpaths and cycle ways, including:

Local roads resurfacing program (\$2.0m), Meryl Street refurbishment (\$0.500m), Orrong Road pavement kerb improvement (\$1.5m), Motherwell street refurbishment (\$0.770m), Footpath renewal (\$1.4m), Toorak Village furniture & lighting (\$1.0m).

(\$1.65m) will be spend on various drainage projects including including various drainage improvements and upgrade works from street refurbishments and upgrade works.

(\$0.760m) will be spend on Cycling strategy on & off road.

(\$3.635m) will be spend on community infrastructure projects including reconstruction of roads, kerbs & culverts etc.

Expenditure Type: New Assets (\$19.57 million), Asset Renewal (\$36.65 million), Upgrade (\$18.82 million) and Expansion (\$0.050 million)

A distinction is made between expenditure on new assets, asset renewal, upgrade and expansion. Expenditure on asset renewal is expenditure on an existing asset, or on replacing an existing asset that returns the service of the asset to its original capability.

Expenditure on new assets does not have any element of expansion or upgrade of existing assets but will result in an additional burden for future operation, maintenance and capital renewal.

The major projects included in the above categories, which constitute expenditure on new assets mainly relate to Strategic land purchases (\$10 million), (\$7.0m) Percy Treyvaud master plan implementation, Dog Park (\$0.350m), Parks - New accessible toilet at Central Park Play Space (\$0.250m), Cycling Strategy - On-Road Cycling Projects (\$0.200m)

5. Financial performance indicators

The following table highlights Council's current and projected performance across a range of key financial indicators. These indicators provide a useful analysis of Council's financial position and performance and should be interpreted in the context of the organisation's objectives.

Key to Forecast Trend:

- + Forecast improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecast deterioration in Council's financial performance/financial position indicator

Notes to indicators

1 Adjusted underlying result – An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. Financial Performance is expected to improve from 2021/22 due to the recovery from the impact of the COVID-19 pandemic. This will stabilise from 2022/23 through modest user fee income increases, operational efficiencies and cost control measures and assumed rate cap stability. Financial performance will be at risk should future reductions in the rate cap occur.

2 Working Capital - The proportion of current liabilities represented by current assets. Working capital is forecast to decrease from 2020/21 levels due to continued use of cash reserves to fund the extensive capital program and increased borrowings forecast.

3 Unrestricted cash - Reflects the broad objective that sufficient cash which is free of restrictions is available to pay bills as and when they fall due. The indicator is negative in 2019/20 due to term deposits with maturity over 90 days classified under Other Financial Assets. When term deposits with maturity over 90 days is included with cash and cash equivalents the indicator for 2019/20 is 55%. The ratio starts to reduce as cash is utilised for significant capital works program during the years 2022/23 to 2024/25.

4 Loans and borrowing/Indebtedness - Trend indicates Council's new long term borrowings to part fund major capital works over the next four years.

5 Asset renewal - This percentage indicates the extent of Council's renewal and upgrade works compared against its depreciation charge (an indication of the decline in value of its existing capital assets). A percentage greater than 100 indicates Council is maintaining its existing assets, while a percentage less than 100 means its assets are deteriorating faster than they are being renewed and future capital expenditure will be required to renew assets.

6 Rates concentration - Reflects extent of reliance on rate revenues to fund all of Council's on-going services. Trend indicates a relatively stable level over the outlook period. Following the impact of the COVID-19 pandemic in 2020/21, Council is projecting to have a lower reliance on rates as other income streams returned to pre-pandemic levels.

Appendices

The following appendices include voluntary and statutory disclosures of information which provide support for the analysis contained in sections 1 to 5 of this report.

This information has not been included in the main body of the budget report in the interests of clarity and conciseness. Council has decided that whilst the budget report needs to focus on the important elements of the budget and provide appropriate analysis, the detail upon which the annual budget is based should be provided in the interests of open and transparent local government.

The contents of the appendices are summarised below:

Appendix A Budget process

This section lists the budget processes to be undertaken in order to adopt the Budget in accordance with the *Local Government Act 1989* (the Act) and *Local Government (Planning and Reporting) Regulations 2014* (the Regulations).

Under the Act, Council is required to prepare and adopt an annual budget for each financial year. The budget is required to include certain information about the rates and charges that Council intends to levy as well as a range of other information required by the Regulations which support the Act.

The 2021/22 budget, which is included in this report, is for the year 1 July 2021 to 30 June 2022 and is prepared in accordance with the Act and Regulations. The budget includes financial statements being a budgeted Comprehensive Income Statement, Balance Sheet, Statement of Changes in Equity, Statement of Cash Flows and Statement of Capital Works. These statements have been prepared for the year ended 30 June 2022 in accordance with the Act and Regulations, and are consistent with the annual financial statements which are prepared in accordance with the Australian Accounting Standards. The budget includes Council's interest in the Regional Landfill Clayton South joint venture which is presented in the financial accounts as an associate investment.

The budget also includes detailed information about the rates and charges to be levied, the capital works program to be undertaken, the human resources required, and other financial information Council requires in order to make an informed decision about the adoption of the budget.

In advance of preparing the budget, Officers firstly review and update Council's long term financial projections. Financial projections for at least four years are ultimately included in Council's Financial Plan, which is the key long-term financial plan produced by Council on a rolling basis. The preparation of the budget, within this broader context, begins with Officers preparing the operating and capital components of the annual budget during December and January. A draft consolidated budget is then prepared and various iterations are considered by Council at informal briefings during February to April. A 'proposed' budget is prepared in accordance with the Act and submitted to Council in April for approval 'in principle'. Council is then required to give 'public notice' that it intends to 'adopt' the budget. It must give 28 days notice of its intention to adopt the proposed budget and make the budget available for inspection at its offices and on its website. A person has a right to make a submission on any proposal contained in the budget and any submission must be considered before adoption of the budget by Council.

The final step is for Council to adopt the budget after receiving and considering any submissions from interested parties. The budget is required to be adopted by 30 June each year and a copy submitted to the Minister after adoption. The key dates for the budget process are summarised below:

Budget process	Timing
1. Minister of Local Government announces maximum rate increase	Dec
2. Officers update Council's long term financial projections	Jan/Feb
3. Officers prepare operating and capital budgets	Jan/Feb
4. Council to advise ESC if it intends to make a rate variation submission	Jan/Feb
5. Councillors consider draft budgets at informal briefings	Feb/April
6. Council submits formal rate variation submission to ESC (if appropriate)	Mar
7. Proposed budget submitted to Council for approval	Apr
8. Public notice advising intention to adopt budget	Apr
9. Budget available for public inspection and comment	Apr/May
10. Public submission process undertaken	Apr/May
11. Submissions period closes (28 days)	May
12. Submissions considered by Council	Jun
13. Budget and submissions presented to Council for adoption	Jun
14. Copy of adopted budget submitted to the Minister	Jun
