

PERCY TREYVAUD MEMORIAL PARK SPORT FACILITIES CONSTRUCTION

CONSTRUCTION UPDATE 11

June 2023

Recap on works to date

Another busy and productive month of construction has been ticked off at Percy Treyvaud Memorial Park's new multi-purpose sport and recreation facility. We began installing external pavilion windows and laying the timber flooring for the netball and basketball courts last month. And, we've almost finished the stadium change rooms. The bowling and tennis club rooms will be next. Last month, we worked over 16,000 hours, taking the total hours worked since January 2022 to 117,000 as we continue to keep pace with our construction schedule.

What to expect in the month ahead

Temporary car park

The car park works contractor aims to reopen the temporary car park by the end of June, allowing trade workers to park onsite during business hours.

Indoor sports courts

We'll finish laying the timber flooring on the netball and basketball courts.

Landscape and paving

Truck deliveries will increase slightly as we bring in supplies for landscaping and paving works.

Lawn bowls

We'll install the fabric top on the bowling green canopy.
